#### Remarks

Except for the last two corrections in the Certificate of Correction, the corrections are for the applicant's mistakes. The first two of which are of a minor spelling mistake for the word "analyses". The error occurred in the application as filed at page 17, line 2.

The next seven mistakes involves the deletion of words from the claims. This requested correction does not constitute new matter since this correction merely corrects the claims so that they correspond to that filed by applicant's faxed amendment of Nov. 20, 2003. The amendment of Nov. 20, 2003 indicated wording to be deleted and wording to be added to application claims 1, 7 and 13 (Patent claims 1, 4 and 8, respectively).

The Examiner subsequently indicated that application claims 1-3, 7-9, 12, 13 and 30-37 (corresponding to Patent claims 1-16, respectively) were allowable; see Office Action dated 01/08/2004.

A clerical mistake subsequently occurred in application claims 1, 7 and 13 (Patent claims 1, 4 and 8, respectively) when a complete listing of the claims was filed by faxed transmission on March 29, 2004. That complete listing of claims correctly included the new wording but mistakenly also included the wording that was supposed to be deleted. The mistake occurred at:

page 4 (claim 1), line 3;  
page 4 (claim 7), lines 13-14; and  
page 5 (claim 13), lines 7-8.

This Request, therefore, merely corrects such clerical mistakes. No new matter is introduced and no further examination for allowability is required since the Examiner had allowed these claims on 01/08/2004.

Patent No. 6,767,398 *b2*  
Serial No. 10/014,653  
Art Unit 1755

The last two mistakes are believed to be Office errors, namely the spelling of the word "least" in Patent claim 8, and an error in Patent claim 14.

The word "least" was spelled correctly at page 4 (claim 13), line 12 of the applicant's complete list of claims filed on March 29, 2004.

The correct dependency of application claim 35 (now Patent claim 14) is seen to depended on application claim 31 (now Patent claim 10) as shown on page 6 (claim 35), line 23 of the applicant's complete list of claims filed on March 29, 2004.

Check no. 5108 in the amount of \$100 is enclosed herewith as set forth in 37 CFR 1.20(b).

Respectfully submitted,
